

## **“Oh My Love” by The Small Glories**

Darling, can you hear me?  
I'm calling your name on the mountain side  
Your voice is soft and soothing  
Haven't felt this way in a long, long time

Chorus:

Oh my love, my dearest love  
Oh my body's aching  
Oh my soul is wide open  
And my heart is breaking

I've been traveling over country  
'Cross the oceans and the great divide  
Longing to have you with me  
Find a home where we can hide

Here I go again  
On my own again  
Walking through the fire  
Flames are getting higher  
What is left behind  
The love that you\* denied  
Hear me now, hear me now  
Can you hear me?

Darling, can you hear me?

\*[for some of us, the love that cancer or COVID-19 denied]
